

The third annual **Best of Local** event on Friday, November 4, 2016 was a delight, bringing the autism community together for a night to remember.

The VIA Rail Train Station was transformed into an intimate venue featuring local music by Paige Morrissey and Ellen Gibling, local food by Scanway Catering as well as local wine and beer provided by Benjamin Bridge and Labatt.

The event also honoured the late Jack Craig, co-founder of Autism Nova Scotia, local inclusive employers as well as generous community sponsors.
